

## We Teach About Jesus

Jerusalem Lutheran School, Morton Grove, Ill

### Why Choose Jerusalem School?

At Jerusalem Lutheran School we seek to prepare children not only for a lifetime but for an eternity.

Our **comprehensive curriculum** opens our students' minds to the wonders of God's created world of language, mathematics, science, history and art.

In a world full of moral laxity, our school is guided by the enduring principles of God's eternal Word. Students are taught the **solid values** found in the Holy Scriptures.

Our **low student to teacher ratios** enable our teachers to give students the one-on-one attention they so often need and deserve. Your child won't be just another number.

**Computers** are available to every student, as we teach the children to use the gifts of our modern world in a God-pleasing and productive way.

Students can be involved in numerous **extra-curricular activities**, including public speaking competitions, art fairs, science fairs, spelling and math competitions, and dramatic productions.

A full array of **sports** are offered, including softball, soccer, basketball and track.

### What Do Jerusalem Parents Say?

"A great school if you want that personal touch. It is like a family here; everyone knows everyone, small kids know big kids, teachers know children of other classes. ... Teachers are in open communication with parents. Everyone works together for the benefit of the children. Safety and loving discipline is apparent and works in this school. ... Christianity is shared but not pushed or forced. Teachers show a genuine love and caring for their students, which is nice and unique."

### Jerusalem School Programs

## We Teach About Jesus Precious Child Early Learning Center

Precious Child Early Learning Center is not a daycare. We're serious about learning. At the same time we strive to make learning fun for our children. A well-planned daily curriculum stresses basic early childhood development learning, including music, drama, language skills, science, math, arts and crafts. Exciting, hands-on learning activities - as well as selected play equipment - develop both small and large motor skills. Our children learn sharing and friendly social interaction and make new friends!

Precious Child is operated in conjunction with Jerusalem Lutheran School, which has been offering excellent Christian education for more than 50 years.

Precious Child is different from many early childhood centers. We are a Christian center sharing God's love for children. We have the opportunity to combine learning activities with the values your child needs to succeed in life: confidence, forgiveness, self-esteem, honesty, truthfulness, sharing, kindness, cooperation, and respect for others.

Precious Child welcomes children into bright and cheery classrooms within the facilities of Jerusalem Lutheran School. A large indoor recreation area serves well in cold weather, while air-conditioned classrooms keep our children comfortable in summer. A new outdoor playground designed just for preschool children will offer your child hours of safe enjoyment.
